Summary

Software Developer with a strong focus on ReactJS and NodeJS. Recipient of the Humber MMDD Top Developer Award 2019. Intensive travels have strengthened my understanding of different perspectives and paved the way for a deep interest in UX design principles. Driven by curiosity and ambition, my experience includes PWA, SPA and Full-Stack development with HTML, CSS, JavaScript ES6+, GatsbyJS, GraphQL, RestAPIs. I am a lifelong learner, eager to contribute to the latest innovations with modern technologies and UX design trends.

Skills

HTML, CSS, JavaScript ES6+, ReactJS, GatsbyJS, GraphQL, RestAPI, NodeJS, JestJS, Express, EJS, GIT, SEO, CMS, MongoDB, MySQL, PHP, Strong understanding of UX / UI design principles, processes, and tools
